

RAINBOW ROOM

SPECIAL EVENTS

AN ICONIC SPACE

The legacy of the Rainbow Room began on October 3, 1934, when its doors opened for the first time. Wrapped in the dazzling Manhattan skyline, the dining and entertainment destination became a shimmering new beacon of style and sophistication for the city. It transformed the 65th floor of 30 Rockefeller Plaza into the most elegant and elevated space in New York. Today, its legacy endures.

LANDMARK DESIGN

Signature design elements have been spectacularly preserved, every detail informed by the timeless spirit of New York. The famed crystal chandelier and revolving dance floor are the centerpieces of every event, while the corresponding wall sconces and handsome brass railings enhance the grandeur of the room.
